SAFETY AND GENERAL INFORMATION

Save these instructions. For your safety, read, understand, and follow the information provided with and on this device before using. The owner and/or operator shall have an understanding of the device, its operating characteristics and safety operating instructions before operating the equipment. The owner and/or operator shall be aware that use and repair of this product may require special skills and knowledge. Instructions and safety information shall be read to and discussed with the operator in the operator's native language, making sure that the operator comprehends their contents, before use of this equipment is authorized. If any doubt exists as to the safe and proper use of this device, remove from service immediately.

Inspect before each use. Do not use if abnormal conditions such as cracked welds, damaged, loose or missing parts are noted. Any equipment that appears damaged in any way, is found to be worn, or operates abnormally shall be removed from service until repaired. If the equipment has been or is suspected to have been subjected to an abnormal load or shock, immediately discontinue use until inspected by a factory authorized repair facility (contact distributor or manufacturer for list of authorized repair facilities). It is recommended that an annual inspection be made by an authorized repair facility. Labels and Operator's Manuals are available from the manufacturer.

Product Description

This is an 8 Gallon Oil Drain designed to be used by one operator for the draining and storage of vehicle fluids. This product is not intended to be used with gasoline or diesel fuel.

Specifications

Funnel Dia.	Capacity	Product Height	Shipping Weight
16.7" (42.5 cm)	8 Gal. (30 L)	30" - 63" (76 cm - 160 cm)	12.4 lbs (5.6 kg)

Operating Instructions

1. Ensure the tank (A) is empy or has enough empty volume to contain the fluid that is being drained.
